

Welcome to the Year 9 Options section of our website.

This page is designed to support you and your child with decisions regarding their KS4 choices for September 2024. The deadline for the Options form is Monday, 17th April 2024; and the form is online. Please note that it is not first come, first served as we want students to consider their options carefully, however, if students do miss the deadline, then this may impact the options they are given.

The subject choices are there to help meet students' individual needs and aspirations and allow them to choose subjects that interest them.

The choices that students make will help to lay the foundations for their future opportunities within further education, and the world of work. Our broad and balanced offer is designed to help meet the individual needs of students whilst also raising their aspirations.
